

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	30 june 2026
Team ID	
Project Name	A comprehensive measure of well being
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Template

Brainstorm & idea prioritization

10 minutes to prepare
 1 hour to collaborate
 3 persons

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

10 minutes

Team gathering

Define who should participate in the session and send an invite. Share session information or previous ideas.

Set the goal

Think about the problem you'd be focusing on solving in the human development index.

Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

1 Define your problem statement.

Brainstorming requires setting clear and measurable statements, objectives, and KPIs and needs to produce human development index (HDI) concepts and metrics. The goal is to create a clear, concise, and measurable problem statement and create a goal for solving human development index.

15 minutes

Problem

A Comprehensive Measure of Well Being

Key rules of brainstorming

To run an smooth and productive session

Stay in topic

Defier judgment

Go for volume

Encourage wild ideas

Listen to others

If possible, be visual

Step-2: Brainstorm, Idea Listing and Grouping

1

Brainstorm

Write down any ideas that come to mind that address your problem statement.

15 minutes

2

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

30 minutes

- Develop a Machine Learning Prediction Model
- Development gap Analysis

Step-3: Idea Prioritization

3

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

30 minutes
